Contagion Rat Death—What Poison, Traps and Oats have failed to do, is now done by a microbe. The rat is doomed! Rat or mouse eating it immediately catches a disease which is contagious, and is fatal in seven or fourteen days. This contagion is spread by the rat among the others—the whole tribe is exterminated! All evidence has shown it to be harmless to man and domestic animals. Price: One box, postpaid, 50c; wholesale, 1 dozen, \$4.00 f.o.b. Augusta.

Cartwright's Dog Mange Cure—50c; 1 dozen, \$4.00; 1 gross, \$48.00; less 20 per cent. delivered. Temporarily, 1-4 gross same price. We are sole owners and manufacturers.
